

Transfer Station Update

3/31/20

The Transfer Station is currently open for normal hours

Monday –Friday 7:30 to 3:15

Saturday 7:30 to 2:15

We are currently NOT issuing permits at the Transfer Station. If you do not have a permit please print out the form on the Town's website and follow the directions to mail it in.

We are also requesting if use of the Transfer Station can be spread out during the week and not left for just Saturdays. It is getting very congested in the Construction Debris and Brush Areas and becoming increasingly difficult to maintain a safe, social distance.

Lastly, if you are dropping trash and recycling, please do so quickly and depart. We have reduced parking at the Station to 4 spaces and 1 disabled space in order to increase social distancing. We are finding that people are beginning to congregate and safe distances are not being maintained. It may also be helpful to have your children stay in the car while using the Station.

We thank you for your help and cooperation for your safety as well as ours. These efforts will allow us to continue to operate the Transfer Station and provide a safe, convenient location to dispose of your solid waste.

Thank you, The Transfer Station Staff
