Certification to the Drainage Policy of the Town of New Canaan

Property Address: _____

Property Owner: _____

Design Engineer of Record: _____

As required by the Town of New Canaan Drainage Certification Policy, revised December 6, 2019, effective January 1, 2020, or most recent version, the following is a certification from a registered professional engineer, licensed in the State of Connecticut certifying/confirming the following for the above referenced property:

- A. Zero increase in the rate or volume of runoff in the post-activity condition.
- B. Any proposed change in the direction of surface water flow shall not adversely affect any down-gradient or nearby property(s).
- C. Final grading, including retaining walls, is consistent with the approved Site Plan and in conformance with Section 6.4.I.7 and 8 of the New Canaan Zoning Regulations.

Additional comments: _____

As documented in the Town of New Canaan Drainage Certification Policy, Town approval does not relieve the registered professional engineer, licensed in the State of Connecticut, of their responsibility for all matters relating to design, construction, code-compliance, safety aspects of performing the work and for general coordination of the work.
